Confined Space Awareness

COURSE OVERVIEW

Confined space awareness training is for managers, supervisors and workers needing to understand the challenges of working in a confined space.

If you have staff members working in a confined space, you need to know how to identify a confined space and the confined space entry permits required. Confined space awareness training will give you a good understanding of the legislation and risk involved.

QUALIFICATION:

A Certificate of Completion is issued on successful completion.

PRE-REQUISITES:

Will be over 18 years of age and are expected to be able to speak and read English to a sufficient standard to complete the course.

DURATION:

3 hours face to face

JURISDICTIONS:

Delivered Australia-wide

LEARNING OUTCOMES:

Successful completion of this training course, participants will be enabled to:

- » Identify a confined space
- » Overview of the legislation and standards
- » Hazard Identification and management
- » Knowledge of entry permits required
- » Risk factors
- » PPE
